In the Disciplinary Matter Involving

Attorney G,

Respondent.

Supreme Court No. S-17664

Corrected Order Rejecting Stipulation for Discipline

Date of Order: 1/22/2020

ABA Member No. 9411094

ABA File Nos. 2018D120, 2018D125, 2018D232

Before: Bolger, Chief Justice, Winfree, Stowers, Maassen, and
Carney, Justices.

Bar Counsel for the Alaska Bar Association and Attorney G entered into a stipulation for discipline by consent that would result in her suspension from the practice of law for 18 months. The Bar Association's Disciplinary Board approved the stipulation and recommends that we do so, as well. Having considered the stipulated facts and previous discipline, the stipulation is **REJECTED**. The court currently believes, given the similarity and timing of the present misconduct to previous misconduct, that (1) Bar Counsel should provide some indication that Bar Counsel has investigated whether there are additional matters involving similar misconduct that have not yet been disclosed, and (2) a suspension should be at least long enough to ensure Bar Rule 29(c) reinstatement proceedings are required.

Entered by direction of the court.
